

## Questions/issues for the Board

1. The Club Shop has been shut at the time of the youth team fixtures – are we missing revenue?
2. Queues at turnstiles have been quicker when there are stewards outside the gates helping fans and pointing in the right direction – can this continue?
3. Cashless Stadium - are we or are we not? Signs still up at the bars and we're taking cash for the 50/50 draws and also programme sales
4. Last match of the season 12.30 kick off - lots of late supporters and not a friendly time for the supporter base
5. South Habbin being open has helped and meant some fans have come who would have not – plans for this going forward? Please do keep it open next season!
6. Beer supply is getting better in the Habbin area
7. Some large areas of puddles on wet games in front of the Habbin entrance meaning you have to walk through these to get into the stand – can this be addressed?
8. Coconuts - better now as coming in straight away thank you for making that change
9. CUSP would like to run a fan survey on pre match players come out music - to try and help build atmosphere. Would the club support this initiative?
10. Fan Zone - what's the latest on this?
11. Dublin bar plans going forward - will it be just hospitality or will it be fans for next season?
12. Abbey Arms - is the marque going to stay for next year?
13. Sniffer Dog around the South Habbin - is this actually needed and is this a waste of money?
14. New Ground/redevelopment of the Ground. We've had a load of questions on this topic so would be great for an update on this if possible.
15. Can we temporarily add more seats to the ground (ie fill in by the corners, or put seats in front of the South Stand?)
16. How easy would it be to expand the capacity?
17. Relationship with BBC Radio Cambridgeshire now that it looks likely that Peterborough will be in the same League next season.
18. Is the relationship with Sky allowing us the best possible financial deals for lower league clubs? Could we do better elsewhere?
19. The club originally talked about offering season ticket holders to bring a friend to games to offset the missed games last season. Is this forgotten?
20. Standing in the aisles of the NRE - should this be allowed as it's understood that the SGSA aren't in favour?
21. Allocation of away tickets - is there any way that fans that live away from the ground (say over 100 miles) can get points in the same way that away travellers do in recognition of their weekly commitment?
22. Is there any way that away tickets can be arranged where child members of the same family can sit together even though they may only be able to buy tickets at different times?
